WSAPC are committed to ensuring a safe and healthy work environment and for providing safe equipment and procedures for all staff, pupils and visitors, contractors and any other stakeholder, involved in college activities. To this end we believe in achieving our aims in partnership with all interested parties. WSAPC is committed to providing quality education. The development of all pupils to enhance their capabilities, to recognise hazards and manage risks associated with the hazards, both in and out of college, forms an important part of the WSAPC curriculum. In support of this, WSAPC wish to ensure that pupils are involved in decisions that affect their health and safety and are actively encouraged to recognise hazards and discuss the risks they may be exposed to via pupil voice/student council.

The effective management of health and safety ranks equally with any other managerial or supervisory responsibilities. It is the intention of WSAPC that the established policies and procedures issued by West Sussex County Council shall be followed and developed locally to meet the specific needs of the college and its members. Guidance from the West Sussex County Council Health & Safety advisory department for schools will be actively sought and referred to.

WSAPC encourages the recognised professional associations and Trade Unions to exercise their legal rights to appoint safety representatives at the college, as provided for in the Health and Safety at Work Act 1974.
