

To all the staff at Chalkhill Education Centre,

Over three admissions to Chalkhill, going up to school was one of the things that helped me the most. Your motivation, encouragement and dedication helped me get through my GCSEs once I was discharged and to achieve 5 As, 1 B and 1 C. I'm now at college studying Health and Social Care, Biology and Chemistry.

The flexibility that school had meant that on a good day I could carry on with my courses but even if it wasn't a good day you would still support me and help me find something I could cope with doing.

Thankyou so much for everything you did for me, I can't explain how much it has helped me.

Love,
