## Pupil Privacy Notice

Our Pupil Privacy Notice can be found on our website or by clicking [HERE](#).

## Welfare Team

The remit of this team is to ensure that pupils and their families are safe and well. The support and guidance offered by the team continues to be gratefully received by many families across APC. The team completed near to 500 contacts with families last week alone which is quite a task. **We hope you continue to value this contact and would encourage you to respond to any attempts they make to contact you.**

## Bubbles and Zones

We are pleased to say that the careful planning has paid off and many pupils have safely returned to APC centres in line with government guidance. Cleaning and handwashing is top of the priority list at all times.

Pupils are responding to social distancing requirements positively and are enjoying working in 'bubbles' and 'zones', limiting the contact with the wider school community whilst enabling them to develop positive relationships in these small groups. If your child is eligible for provision under the government criteria, and has not yet returned to school, do get in touch with us to discuss next steps. We look forwards to welcoming more pupils back to school as soon as it is safe to do so.

## Year 11

On the 26th June Year 11 pupils should come to the end of their APC Journey. We are excited to say that this will not be the end of their relationship with APC though as we are launching a unique programme of support to enable them to make a smooth transition in the next steps in their lives whether that be at college or in work.

## Covid-19 Testing

Anyone with symptoms that started within the last three days can now ask for a test. Tests can be accessed at mobile testing units, drive through sites or at home for those who are unable to travel or if they are essential workers or live in the same house as an essential worker. For more information visit <https://www.westsussex.gov.uk/fire-emergencies-and-crime/coronavirus-covid-19-advice-and-information/covid-19-testing/>
